Dear Parent/Guardian:

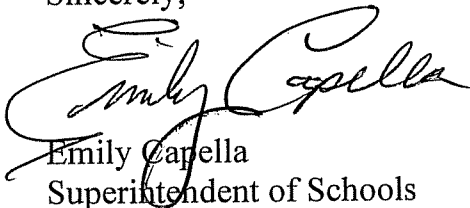

Any student transferring from outside the Lenape Regional High School District must have a physical examination upon entry to school. Such students shall be given a maximum of 30 days after enrollment in school to obtain their physical examination from their previous physician or find a new physician for the physical examination.

A previous physical examination can only be accepted if done during adolescence (grades 7 through 12). If you are not able to obtain the student's physical examination **and** you do not have medical insurance, the district shall provide this examination at the school physician's office or other appropriately equipped facility.

If these requirements are not completed within the 30 days of enrollment, the student will be excluded from school until requirements are met. If there are any questions or concerns, please call the school nurse.

Thank you in advance for your cooperation.

Sincerely,

Emily Capella
Superintendent of Schools
