

Do you know someone who appears to be having difficulty with school, home, peers, emotional issues or substance abuse? Have you tried to help but don't know what else to do? The members of the I & RS Team can help! Your referral is confidential and will be addressed with care and concern. Referral forms can be found on line at <https://forms.gle/asx4FwMo8AbfbMRU9>.

Please give as much information as you can. Students can be referred by teachers, coaches, staff members, school counselors, parents. **We are here to help!**

I & RS Team – A Student Assistance Program

Philosophy Statement

The Lenape High School I & RS Team recognizes that in today's world there are multiple factors that interfere with the education of our students:

- **Academic and motivational issues**
- **Peer influences**
- **Substance abuse and dependency**
- **Mental health issues**
- **Personal problems and other social adjustments pertaining to school**

The purpose of the Lenape High School I & RS Team is to identify students affected by these concerns. Several members of the Lenape High School staff will be involved in this process, which may include early intervention with the student and his or her family.

By this immediate attention to a student's adjustment, the I & RS Team will assist in providing a student the means to overcome these obstacles to learning and recommend resources to enhance his or her educational and emotional development.

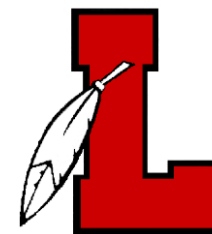

Why is the school providing this service?

- **To improve** the student's ability to optimize their education experience.
- **To assist** the student who is experiencing difficulties that interfere with their adjustment to the school environment.
- **To enlist** support and involvement of Lenape High School staff members and parents/guardians in assisting students to become successful in school.
- **To utilize** the available school resources by providing students with assistance.

How does the I & RS Team work?

The program works in three ways:

1. Students who are concerned about themselves.
2. A school staff member may refer a student when a situation is a concern affecting classroom performance.
3. A parent may contact the school counselor who would make a referral.
