

Cherokee Counseling Center Presents:

Naviance Student

How to access this resource?

Select this link: [Naviance Student](#)

We are pleased to make this new resource available to all of our students and families as a complement to the Counseling Center Events that we offer for our students throughout the school year. We encourage our students to utilize this website throughout their high school experience.

These are some of the sections you might find useful:

- **About Me** – Includes basic biographical data and grade point averages.
- **Resume** - By completing this resume with information about your accomplishments and talents, you can help us get a better understanding of how to help you effectively describe yourself to colleges.
- **Careers**-This feature includes detailed information and videos on various occupations.
- **Colleges** – As you find colleges that interest you, we recommend that you add them to your list of “Colleges That I’m Considering”. As you apply to colleges, you will track the status of your application under “Colleges to which I’m Applying”.
- **My Journal** – As you investigate colleges and start to develop your college list, this is an excellent place to chronicle your thoughts and questions.
- **My Account** – If you would like to change your password, you can do so here.
- **College Search** – Start here to research a specific college. We recommend that students visit the college’s website for the most up-to-date information. There is a direct link to the website on each college’s Naviance homepage.
- **College Match** - This tool will allow you to use historical GPA and test score information about students from CHS and their college applications to match you with colleges that you may want to consider adding to your list. Please note that there are many factors which can affect admissions decisions and the results of this search do NOT guarantee in any way whether or not you will be accepted at a particular college. If a college never appears in the results, it may be because no one from CHS has ever applied to it.
- **Scattergrams** – This amazing tool allows you to visually see how you compare to CHS students who have applied to a particular college based on your grade point average and ACT or SAT score.
- **Acceptance History** – To see how many CHS students have been accepted and enrolled at all colleges click here.
- **Scholarship Match** – Based on information in your profile, your resume, or your game plan, scholarships are matched with your qualifications. The more information you complete, the better the matches.
- **Updates** - The Counseling Center or the Registrar may periodically post information of interest to students on the Welcome Page. We also have the capability to send group emails to pass along information pertinent to your interests.

Counselors will email students periodically with important information. Your [User Name](#) is the email address entered when registering. Your [Password](#) is established at this time. The Welcome Page will appear when your registration is completed. Any demographic changes must be completed through our Counseling Center.
