

# Convert a YouTube video to and MP3

---

- \*Go you YouTube and find a song that you would like to use.
- \*The song should be school appropriate and not distract the viewer from your movie.
- \*Try searching for instrumental or karaoke versions of songs.
- \*Copy the URL
- \*Go to <https://listentoyoutube.online/>
- \*Paste the URL and click the blue *GO* button.
- \*Click the red *Download MP3* button.
- \*The video has now been converted to a music file and is now open in the bottom, left corner of Google Chrome.
  - If another Tab opens, simply close it!
- \*Click the arrow and choose Show in Folder
- \*Cut the MP3 file from the Download folder. Paste the file in your H: drive.
