# Weebly Favorite Books Website

---

## Create an account:

1. Go to <http://www.weebly.com/>
2. Click the *Sign Up* button in the upper, right-hand side of the page.
3. You will be brought to the page to create an account. Instead of signing up for an account, click the *Log In* button at the bottom of the page.
4. Sign in using your Lenape Google account

---

## Choose a template and create a website:

5. Click on the orange *Add Site* button
6. Scroll through the options and choose a theme you like.
  - a. You can adjust colors and fonts on most of the theme templates at a later time. You may also choose a different theme at any time.
7. When you find a theme that you like, click the *Start Editing* button in the upper, right-hand corner of the page.
8. The site is now being built. This could take a minute or so to be completed.
9. On the next screen, *Choose Your Website Domain*, select the first option, *Use a Subdomain of Weebly.com*
  - a. Name your site your first initial, last name and books. For example, mcashmanbooks.
10. Weebly will bring you to the homepage for your site.

---

## Setup of the website and creation of the pages:

11. Click on *Settings* and change the title of the website to *My Favorite Books*. Check off *Show title on the top of your pages*. This will give your website a drop down navigation menu that users could access in addition to the navigation bar.
12. Click on *Theme*. You must change the font for the *Site Title*, *Navigation Menu*, *Paragraph Titles*, and *Paragraph Text*.
13. If you would like to change the theme to something else, feel free to click the *Theme* button and make your changes at any time.
14. Click on the *Pages* button.
  - a. We are going to delete all of the pages except the homepage.
  - b. Design and layout the homepage.
  - c. Once the home page is how you like it, copy for the other pages for the project.
  - d. We are going to add five additional pages
    - i. Book 1
    - ii. Book 2
    - iii. Book 3
    - iv. Book 4
    - v. Survey

---

## General Instructions:

- \* The layout and setup of each page is completely up to you.
- \* Be sure to change the header image and make the pages look appealing.
- \* You need to include a minimum of three different elements on each page.
- \* Each page also needs to have the following statement in the footer of the page:  
\*This site was created by a Computer Applications student at Lenape High School, as part of a project. All pictures and text have been cited on the Citations page.\*
