

## R 5200 ATTENDANCE

The Board of Education, in the interest of the educational welfare of its students and the integrity of its program, will not grant credit for courses when a student has an excess of excused and unexcused absences as defined in this regulation. The Board expects students to attend school and classes. Students are encouraged to provide documentation during the school year for each absence from school.

### A. Definitions

1. For the purposes of school attendance, a “day in session” shall be a day on which the school is open and students are under the guidance and direction of a teacher or teachers engaged in the teaching process. Days on which school is closed for such reasons as holidays, teachers’ institutes, and inclement weather shall not be considered as days in session.
2. A “school day” shall consist of not less than four hours of actual class time.
3. “A day of attendance” shall be one in which the student is present for a full day under the guidance and direction of a teacher while school is in session.
4. A shortened school day shall be considered the equivalent of a full day’s attendance only if in session for four hours or more, exclusive of lunch.
5. Total Days. The number of excused plus unexcused absences from school.
6. No Credit Status. Requires a student to attend the LRHSD Credit Completion program to be awarded high school credit for completed courses. Any student who exceeds 9 unexcused absences will be on No Credit for full year courses.
7. Credit Appeals. A Credit Appeal Committee at each high school will conduct a review of students on No Credit status at the end of the first semester and near year-end. Students who are not in attendance for the stipulated number of school days, after the appeal process, will be given a grade for their subjects but no credit will be awarded until a contract is signed with the Principal or designee and the student successfully completes the Credit Completion Program. Once the Credit Completion Program is successfully completed, credit for courses passed will be restored. However, state unexcused absences will be recorded on the student’s transcript. See subsection G for complete details on the Credit Appeal process and subsection I for complete details on the Credit Completion Program.

## B. Attendance Recording

1. A record of the attendance of all students on roll in a school register shall be kept each day that school is in session by the attendance clerk or other authorized person. It shall be the duty of this person to keep the attendance records according to these rules and the specific instructions issued by the Commissioner of Education.
2. No student shall be recorded as present unless the school is in session and the student so recorded is under the guidance and direction of a teacher in the teaching process.
3. A student shall be recorded as absent in the school register when not in attendance at a session of the school while a member of the school, except students excused due to religious holidays who shall be recorded as excused.
4. A student shall be recorded as either present, absent, or excused for religious observance, every day the school is in session after the student enters until the date the student is transferred to another school, transferred to an individual home instruction record, or officially leaves the school system.
5. The Commissioner shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis.
6. The mere presence of a student at roll call shall not be regarded as sufficient attendance for compliance with N.J.A.C. 6A:32-8.3. In a school which is in session during both the forenoon and the afternoon, a student shall be present at least one hour during both the forenoon and the afternoon in order to be recorded as present for the full day. A student must be present at least one hour during any morning or afternoon session to be recorded as present one-half day. During a single session day a student must be present at least one hour to be recorded as present for the full day. Half day credit cannot be awarded during a single session day.
7. A student not present in school because of his/her participation in an approved school activity, such as a field trip, meeting, cooperative education assignment, or athletic competition will be considered to be in attendance.
