# Needs & Wants      Goods & Services

## Economic Resources

---

You will be put into 5 groups:

- Needs & Wants
- Goods & Services
- Natural Resources
- Capital Resources
- Human Resources

Your job is to create a poster describing your assigned group. You may use pictures from the internet, pictures from magazines, or short identifying words to create your poster (no sentences or paragraphs please). You also need to include the actual term your poster is about, and a definition for your term. Make sure you make the words and pictures large enough to be seen when it is hanging on the wall.

Make it eye-catching and be creative!

Each group will present their poster, highlighting the term they had to define and showcasing the examples they chose to describe their term.

# Poster Grades

Team Members: \_\_\_\_\_

Chapter Term: \_\_\_\_\_

---

6 Points: Term is clearly listed on poster. \_\_\_\_\_

6 Points: Pictures and words accurately describe the term. \_\_\_\_\_
