

Convert a YouTube video to and MP3

- *Go you YouTube and find a song that you would like to use.
- *The song should be school appropriate and not distract the viewer from your movie.
- *Try searching for instrumental or karaoke versions of songs.
- *Copy the URL
- *Go to <https://listentoyoutube.online/>
- *Paste the URL and click the blue GO button.
- *Click the red *Download MP3* button.
- *The video has now been converted to a music file and is now open in the bottom, left corner of Google Chrome.
 - o If another Tab opens, simply close it!
- *Click the arrow and choose Show in Folder
- *Cut the MP3 file from the Download folder. Paste the file in your H: drive
PowerPoint, Favorite Musician Folder
